CONNECT WITH US:

SDSA President's Welcome: We are an organization of Snowmobilers working to promote and protect snowmobiling in South Dakota and throughout the country. We work closely with South Dakota GF&P, local federal forest managers and many State and local legislators to keep the outdoor recreation of Snowmobiling alive and well in our State for generations to come. SDSA also partners with the American Council of Snowmobile Associations. ACSA works on a more national level and brings the state associations together as a single stronger voice for Snowmobiling. **(Kelly Weaver is the Aberdeen Driftbuster Snowmobile Club District 3 Director.)** The Aberdeen Driftbusters would like to thank her for her participation with SDSA.

Upcoming club events can be found on the Aberdeen Driftbusters website **Aberdeendriftbusters.com** and Facebook Page **@AberdeenDriftbusters**

A typical "REAL" snowmobiler is:

- A person who is too old for a sled but young enough to remember the fun it used to be.
- A person who prays for snow, but grumbles when he is cleaning the walk.
- A person who waits for cold weather so she can dress up to stay warm.
- A person who will completely overhaul a snowmobile in the middle of nowhere and call AAA when the car won't start in the heated garage.
- A person who rides the lumps and bumps of a worked field with enjoyment and complains about the holes in the street.
- A person who says they bought the machine for the kids, but complains that they can't find a babysitter so they can go out and ride.
- A person who can't get old "Bessie" in the garage at night because there isn't room unless he slides the snowmobile out.
- A person who will drive a block to the grocery store in a warm car for steak and ride a snowmobile 10 miles for a burned weiner.
- A person who will get caught on the interstate without a spare tire but will have enough spare parts in the snowmobile to build another one.
- A person who is glad to get the 4th of July over with because it's only four months until they can ride.
