## Featured SDSA Convention Events

### Avalanche 1 - Training & Awareness Session

New interactive classroom session with hands-on transceiver use, demonstrations, Powerpoint and video. Emphasis on avalanche transceivers and new rescue techniques. Class will start with a review on avalanche accidents, how to prevent getting caught, the different types of avalanches and reading into avalanche forecasts. Will progress to new more advanced avalanche rescue techniques, terrain analysis, route finding, snowpack analysis and transceiver use. Keep your skills current, get in the right mindset for the season, practice transceiver skills 3-4 hours. **(\*NO CHARGE to attend Avalanche 1 Training)**

### SDSA Speak Easy Entertainment

The Aberdeen Drift Busters Snowmobile Club is hosting a “Speakeasy” as part of their Saturday Night SDSA Entertainment. The Speakeasy will consist of music, games, raffles, and prizes. Attend the Saturday Night SDSA Banquet to get the “Secret” password to attend this special event. A prohibition alias will be assigned to you during conference registration! Keep this alias a secret! Your speakeasy alias can be used on silent and live auction items. Dressing up for the Speakeasy is not mandatory but guests are encouraged to dress up in 1920's prohibition attire and pay along with the evenings event! Bring out your inner gangster!

*Listen up, see... The Aberdeen Drift Busters Snowmobile Club has been workin' behind the scenes — quiet like — lining up plans for a convention that would make even the toughest mob boss tip his fedora. Dressing the part ain't mandatory, but if you show up in pinstripes, suspenders, fedoras, flapper fringe, pearls, or slicked-back hair, you'll fit right in. There may even be a little something special for those who look like they just stepped out of a Chicago back alley. Keep it on the level... So, keep this under your hat, capisce? You never know who's listening. **The trails may be cold... but this convention's gonna be hot.***
